Madison VA Hospital to host Town Hall meetings quarterly

Next meeting scheduled for Thursday, December 4

MADISON, Wis. — William S. Middleton Memorial Veterans Hospital in Madison will begin hosting quarterly Town Hall meetings this week to follow up on the hospital’s first Town Hall, which was held in late September. The meeting will provide an opportunity for veterans and their families to make comments and have their questions answered by hospital executives and staff.

The meeting will begin at 5:30 p.m. in the hospital auditorium and is expected to last until 7 p.m.

William S. Middleton Memorial Veterans Hospital is a Madison-based 129-bed facility that provides health care for about 40,000 veterans who live in a 13,600 square mile primary service area comprising 15 counties in south central Wisconsin and five in northwestern Illinois. The hospital also operates an annex primary care clinic in Madison and community-based outpatient clinics in Baraboo, Beaver Dam and Janesville, Wis., and in Rockford and Freeport, Ill.

The main hospital includes 85 acute care beds, 18 beds in the hospital’s residential rehabilitation treatment program, and a community living center provides an additional 26 beds for sub-acute transitional care, rehabilitation, and hospice care. The total veteran population in the Madison VA Hospital’s primary service area is more than 120,000.
